

Rigging Services

Effective 1 March 2010

Owner: _____

Phone 1: _____

Address: _____

Phone 2: _____

Email: _____

Type of Gear: _____

Intended Pick-up Date: _____

Important Notes

- Equipment left more than 30 days after intended pick-up date will be charged a \$10 monthly storage fee.
- Equipment left more than 1 year after intended pick-up date will become the property of Para Concepts.
- If no pickup date is specified, the pickup date will be determined by the date the service is completed.
- If you leave a system with a main, we will return your system with the main packed. Applicable fees may apply.
- Prices subject to change.
- AAD service requirements are mandatory and will be done if the service will come due within the next 180 days.
- Components with a specific service life will be removed from service if they will expire in the next 180 days.
- We reserve the right to refuse to accept equipment with incompatible components or equipment over 10 years old.
- A † indicates services that must be done in conjunction with a reserve repack
- Airworthiness Directives, Service Bulletins, and minor repairs will be performed as deemed necessary for the airworthiness of the equipment. If additional charges exceed \$30, we will contact you before performing the work.
- Applicable sales taxes will be added to parts. Listed prices do not include sales tax.
- I AGREE TO THESE TERMS AND REQUEST THE CHECKED SERVICES

Date: _____

Rush Fees

- \$20 Rush Fee** If you want less than 24 hour service, we going to have to juggle our work schedule. This modest fee will put you in front of all non-rush orders.
- +\$20 After Hours Fee** If you want us to stay late and have your rig ready for the first load in the morning, while you are hanging out with your friends, expect to pay just a little more.

Repacks and Assemblies

- \$65 Sport Rig Reserve Inspection & Repack** This is the FAA mandated inspection and repack, including replacement of worn closing loops & elastics.
- +\$10 Main Reattachment & Repack** We will service the 3 ring release system, reattach the main, do a continuity check, pack the main, and return your rig ready to jump. **This option is mandatory if you leave the main with us.**
- +\$20 Full Sport Main Inspection**, including the risers, lines, each cell (inside and out), the bag, bridle, and pilot chute, resulting in a complete written report. We recommend this service when the canopy is brand new and then annually or every 100 jumps. (\$25 for tandems)
- +\$15 Main/Riser/Pilot Chute assembly** This includes attachment of a main parachute to main risers, and attachment of the D-Bag, bridle, and pilot chute
- +\$15 Container/Reserve/AAD assembly** This includes attachment of a reserve to a container and installation of an AAD in a AAD ready rig.
- +\$20 Tandem Rig** These more complex systems require more work, so we charge a little more.
- \$10 Untangle Main Canopy** (After a cutaway, you can avoid this fee by just untangling the main yourself)
- \$70 Pilot Emergency Rig Inspection & Repack** This is the FAA mandated inspection and repack.

AAD Services

- \$10 Install AAD in AAD ready rig †**
